Profile

Motivated **Software Engineer** with expertise in **React, Next.js, Node.js, Tailwind CSS, SQL/MongoDB** and hands-on experience in **Machine Learning & NLP projects**. Skilled in building user-focused, scalable, and secure web applications. Strong problem-solver with internship experience in industry projects, eager to deliver impactful solutions and contribute to innovative teams.

Core Skills

Programming Java, Python, JavaScript (ES6+), TypeScript

Web Tech React, Next.js, Vue.js, Tailwind CSS, HTML5, CSS3, Sass/SCSS

Backend Node.js, Express.js, REST APIs, JWT, OAuth

Databases MongoDB, SQL, MySQL

Tools Git, GitHub, Docker, Kubernetes, Webpack, Babel, Figma, Jira, Vercel, CI/CD

Concepts Responsive Design, Accessibility (WCAG), Cloud Computing, DSA, Agile/Scrum

Experience

Jul 2025 – Frontend Developer Intern, EpicMinds Pvt Ltd

Sep 2025 ○ Contributed to **UI/UX development** using React.js, Next.js, and Tailwind CSS.

○ Integrated **REST APIs** and ensured seamless frontend-backend communication.

○ Enhanced **performance optimization & responsiveness** across devices.

○ Delivered key contributions to projects:

- **CWHR AI** – responsive design & UI development.

- **EpicMinds Official Website** – improved website performance & features.

- **Smart Go** – developed interactive UI features improving user experience.

Projects

Spam Shield Sentiment Analysis Of Youtube Comments [Link](#)

Tech Stack: Python, NLTK, Scikit-learn, TensorFlow, Pandas, Flask/Django, YouTube API

○ Developed an **NLP + ML system** to analyze YouTube comments for sentiment and spam detection.

○ Implemented a **Naïve Bayes classifier** with preprocessing (tokenization, stemming, TF-IDF).

○ Automated moderation pipeline that reduced spam comments and improved engagement insights.

Banking Management System [Link](#)

Tech Stack: React, Node.js, Express.js, MongoDB/MySQL, JWT

○ Designed a **web-based banking platform** supporting deposits, withdrawals, transfers, and loan applications.

○ Built **REST APIs** and secure JWT-based authentication for customers and admins.

○ Delivered a responsive React frontend for intuitive customer interaction.

Blog Platform (Admin-Approved Workflow) [Link](#)

Tech Stack: Next.js, Redux Toolkit, Tailwind CSS, Node.js, Express.js, MongoDB, NextAuth

- Built a **full-stack blogging system** with role-based access control and OAuth authentication.
- Added **real-time notifications** for content approvals.
- Designed a **mobile-first, accessible UI** using Tailwind CSS.

Education

2025 **Bachelor of Technology (CSE)**, *PES University*, **6 cgpa**

2021 **Pre-University**, *Independent PU College*, **70%**

2019 **High School**, *Vidyavahini School, Raichur*, **66%**
